Also, in Athens workshops we gave the attendees some ADA in order to create their first wallets, set collateral, and do some transactions. The total ADA given this way was 113. Here are the transaction IDs. All the wallets were created by the attendees on the day of the workshop and **DO NOT BELONG TO ANY MEMBERS OF OUR DAO**. We are requesting reimbursement for those ADA as well, from the merch category (**ADA and CNTs as digital merch**).
